In what area(s) does your RA show particular promise or unusual talent?

[REDACTED] has been so on top of things this semester. She goes above and beyond to make sure things are right in her bathroom and her floor, and makes me aware if anything is wrong. Her floor has established an amazing community and she does CDAs and Bulletin boards her residents will really enjoy. She also has a good attitude which is appreciated.

In what area(s) would you recommend your RA attempt to strengthen his or her skills?

[REDACTED] has really great ideas and advice for the staff and I would love to see her step up even more in staff meetings. Although she is a first year RA, I think she can be a real role model for some of the other RAs on the staff. She is also best friends with [REDACTED], which is great, but I would love to see her collaborate with some of the other staff members as well.

Goals for Next Semester:

1.

2.

3.

Are there any other comments with respect to your evaluation you would like to share about the RA?

██████ is the Ropp Hall Association president. She has great ideas, but needs to take charge a little more in those meetings because they have potential, but we need to actually get down to work.

On the Following scale, how would you rate you overall level of satisfaction with your RA's performance this semester? (1=terrible, 2=unhappy, 3=mostly dissatisfied, 4=mixed, 5=mostly satisfied, 6=please, 7=delighted).
